**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

I support broadband competition. It is clear that providers have found that high prices on broadband are an easy way to increase profits at the expense of consumers. If the Briidge 2 Broadband is cut off, much of the competition will be eliminated and consumers will suffer. I urge you to do your job and ensure that competition remains which will encourage continuing improvement and reasonable prices for what has become a necessity for modern day life. Sonic at our part-time home in Oakland provides better and cheaper internet than Frontier or any of the other competitors at our home in Redondo Beach.
